

General Education Requirements for the Bachelor of Arts in Public Management, Leadership, and Policy and the Bachelor of Science in Public Policy Analysis

The following lists semester courses. For quarter courses, use the approved quarter version; some quarter courses were not converted to semester courses.

Goal

Ohio State's **General Education (GE)** is an integral part of the Bachelor of Arts and Bachelor of Science in Public Affairs Curriculum. General education provides the development of knowledge, perception, attitudes, and skills necessary to understand society's traditions and past, its accomplishments and aspirations, its relation and responsibility to the natural world, its diversity and plurality, and its problems and needs. The **goal** is for you to attain a sense of self within society that invites a continuing desire and ability to learn and work with others for future realization of the human potential. Specific goals aimed toward the broader goal of the GE are listed below under the twelve categories of the curriculum.

The John Glenn College of Public Affairs

The John Glenn College of Public Affairs is a nonpartisan, interdisciplinary unit of The Ohio State University, reporting directly to the Provost's Office.

The college serves to inspire and develop leadership by:

- Promoting the development of leaders through graduate and undergraduate education, internships and co-curricular programs
- Promoting civic engagement among citizens of all ages
- Enhancing the quality of public service
- Creating and disseminating the highest quality policy research

Your Responsibility as a Student

You are responsible for knowing the published policies governing the curriculum you are pursuing, as well as the regulations and procedures of the college and the university. The Bachelor of Art or Bachelor of Science curriculum sheet should be used in conjunction with the degree planning information and college policies, published online, at glenn.osu.edu.

Prerequisites

You are responsible for fulfilling all prerequisites to courses in which you enroll. Failure to satisfactorily complete prerequisites may delay graduation.

General College Requirements

You must earn a minimum of 121 semester credit hours to earn a degree from the Glenn College. In addition to the General Education, you will complete major and specialization requirements, and possibly elective course work, to reach a minimum of 121 credit hours.

Remedial courses (courses at the 10XX-level or below, and English 1109) and credit hours earned in repeated course work do not count toward the 121 hour minimum requirement for a Glenn College baccalaureate degree. Note that you can take both "versions" of cross-listed courses (e.g., Comparative Studies 2214/Sexuality Studies 2214); however, since the two versions are in fact the same course, only one may count toward your minimum degree hours.

The number of hours required to complete a Public Affairs degree will depend on your program and goals. You may need to plan a program of more than 121 credit hours if you wish to complete specific professional or studio training, are preparing for graduate study in certain disciplines, or have multidisciplinary goals.

If the combination of course work for the GE, prerequisites, and your major program totals fewer than 121 hours, you have many options for the remaining hours, called electives. With your elective hours, you could pursue a second major, a second specialization, or additional minors; select a set of courses on a specific topic; engage in an undergraduate research experience; do internships; and/or study abroad. You are urged to meet with an advisor to work out a plan. In no case shall the number of hours required for graduation be fewer than 121. Within the minimum 121 credit hours, you must have:

- No more than 4 hours from physical activities courses taught in Kinesiology: Sport, Fitness, and Health Program (KNSFHP); physical activities courses include all 1100-level KNSFHP courses except for 1102, 1103, 1122, and 1137. A maximum of 8 hours of technical credit may be counted toward your degree requirements.
- A minimum of 30 credit hours earned through regular course enrollment at Ohio State.
- Regular course enrollment at Ohio State and in the John Glenn College of Public Affairs in your final term, unless granted permission by the college.

In addition, you must have:

- A cumulative grade point average (GPA) of at least 2.0 for all work attempted at Ohio State.
- An application for the degree on file in the Glenn College Student Services office in 110 Page Hall.

General Education (GE) Requirements

The curricular requirements are divided into twelve categories. In fulfilling the GE, you may petition (in advance) with your advisor to substitute upper-division courses that meet the spirit of the GE for courses on the GE.

If you have transferred to Ohio State from another institution, you can often fulfill part of the GE with approximately equivalent courses already taken. Your transfer course work will be reviewed by the Glenn College, and courses that meet the spirit of the GE will be applied to the GE.

You must earn at least a D in a course for it to fulfill a GE requirement. Courses taken on a pass/non-pass or satisfactory/unsatisfactory basis cannot be used to fulfill GE requirements.

Courses used to fulfill the Diversity Experiences category may also count in another GE category or on the major.

Exclusivity of the GE, Major and Minor Courses

With the exceptions noted below, courses may not be counted on both the GE and the major. A maximum of 6 semester hours on the minor may also count on the GE. If the minor consists of more than 12 semester hours, some overlap with the major may be permitted. Consult with your advisor.

Some GE courses are listed in more than one category; with the exceptions noted below, however, GE courses may not be used to fulfill more than one GE requirement.

Group Studies and Individual Studies

Group studies (XX94) and individual studies (XX93) courses are not acceptable for fulfilling GE requirements except when a specific experimental course has been approved by the Glenn College Curriculum Committee. If a course has been approved, it will be listed on this curriculum sheet.

Requirements for the Major

The Public Affairs major programs consists of 30 semester hours of required core courses, plus a minimum of 15 credit hours for a specialization track or approved minor.

You must earn at least a C- in a course in order for it to be listed on your major. If you earn a D+, D, or an E in a course that is required for your major, the course cannot be counted toward the major. Your advisor will decide if the course should be repeated or if another course should be substituted for it. Courses taken on a pass/non-pass basis cannot be used on the major.

If you have transferred from another institution, no more than half of the credit hours on your major program may consist of transfer credit. The Glenn College curriculum committee must approve any request for a variation in this policy.

If you are pursuing multiple majors, course work may overlap between the majors, provided that each major department allows such overlap and that each major has at least 18 unique (non-overlapping) semester hours. Similarly, if you are planning multiple majors, there may be overlap between major course work and the GE—again, with permission of the major department and at least 18 unique non-overlapping semester hours on each major.

Requirements for a Minor

A minor consists of a minimum of 12 semester hours at the 2000-level and above and a maximum of 18 semester hours. At least 6 hours on the minor must be at the upper-division level. Upper-division courses are defined as classes at the 3000-level or above, PHIL 2500, all courses taught by departments in mathematical and physical sciences at the 2000-level and above (except for courses numbered 2194), and foreign language courses taught in the language at the 2000-level.

1000-level courses may not be included in a minor. No more than 3 hours of X193 course work may be included in a minor, and no more than 3 hours of courses graded "S/U" may be included in a minor. Up to 6 total credit hours of transfer credit and/or credit by examination may be counted toward a minor. A maximum of 6 semester hours on the minor may also count on the GE.

No grade below a C- will be permitted in courses constituting a minor. However, you must receive a 2.0 cumulative GPA for all minor course work. Courses taken on a pass/non- pass basis may not count toward a minor.

You are not permitted to take a major and minor in the same subject. However, if the minor consists of more than 12 semester hours, some overlap with the major may be permitted. Consult your advisor.

You may pursue more than one minor. Each minor must contain a minimum of 12 unique (non-overlapping) semester hours.

Once a minor program form is on file in the college office, any changes must be approved by the departmental (minor) advisor. Students are strongly encouraged to declare the minor and file the minor program form as early as possible; declaration of the minor and filing of the minor program form must occur at least one term prior to the graduation term.

Requirements for Additional (Dual)

Baccalaureate Degrees

If you are pursuing multiple degrees, you must earn at least 30 additional semester hours for each additional degree beyond the 121 hours required for a single degree, and the GE requirements for each college must be fulfilled. (For example, a student earning both a BA in Public Affairs and a BS from an Arts and Sciences major is required to complete **calculus** and a **second lab science** course, which are not required for the BA in Public Affairs, because such coursework is required for the Arts and Sciences BS degree.)

No overlap between majors, or between the major and the GE, is permitted. You must pursue a major different from the major earned as part of your other degree(s). No more than 6 semester credit hours of any previous minor course work may be used on the major for an additional degree.

You must also petition for approval to pursue an additional degree at least a semester before your graduating term. You should consult your advisor regarding the petition process. An approved major program form must accompany the petition.

¹This value represents the minimum number of GE hours a student would need to earn if that student demonstrated language proficiency beyond the 1103 level in a world language (but did not earn course credit), was required to take the minimum number of hours to fulfill the Quantitative and Logical Skills requirement, and made use of the overlap allowance in the Social Diversity in the U.S. and Global Studies categories. Most students will need to earn more than the minimum number of credit hours.

²Quantitative and Logical Skills credit hours may vary, depending on course selection, math placement, and required prerequisites.

³Course work or proficiency through the third language course (1103) or equivalent is required.

Honors Courses

In order to enroll in an honors course, you must be an honors student or have instructor permission. Check the course catalog (course bulletin) at buckeyelink.osu.edu for a full listing of honors courses. (Honors courses are listed only if there is no equivalent, non- honors course available or, in the Natural Sciences, if the honors version has a lab and the non-honors version does not have a lab. Honors courses are marked with an "H" after the course number.)

Writing and Related Skills, 6 hours

The goal of courses in this category is to develop skills in written communication and expression, reading, critical thinking, oral expression, and visual expression.

Quantitative and Logical Skills, 3-5 hours

The goal of courses in this category is to develop skills in quantitative literacy and logical reasoning, including the ability to identify valid arguments, use mathematical models, and draw conclusions and critically evaluate results based on data.

Basic Computational Skills

Achieve a standardized test score as specified by the State of Ohio (see note below); or attain Math Placement Level R or higher; or complete Mathematics 1060³ or 1075. Mathematics 1060 and 1075 are remedial and do not count toward the 121 hour minimum requirement for the Bachelor of Arts in Public Affairs.

Note: if you earned an ACT Mathematics Subscore of 22 or higher; an SAT Mathematics score of 520 or higher; a score of 108EA (Elementary Algebra) or 69 CLM (College Level Math) on the College Board's Accuplacer tests; or an Algebra Scale Score of 52 on the ACT's Compass math placement test, and the test was taken within two years of your enrollment, then by State of Ohio law you are not required to take remedial math (courses numbered 1075 and below) regardless of your score on the Mathematics Skills Assessment. However, you are strongly encouraged to take the math course you tested into, especially if you plan to continue taking a sequence of math courses.

³Mathematics 1060 is a terminal math course designed to fulfill the Quantitative and Logical Skills: Basic Computational Skills category of the GE. Students may follow up with Mathematics 1116 to satisfy the Mathematical and Logical Analysis category of the GE. Students who wish to take math courses higher than Mathematics 1116 should take Mathematics 1075 rather than Mathematics 1060. Note: Mathematics 1060 is only offered on the regional campuses.

Mathematical and Logical Analysis BA Requirement, 3 – 5 hours

Choose one course from the following list.

Computer Science and Engineering 1111 or any course at the 1200-level or above⁴
 Linguistics 2001, 2052H, 3802
 Mathematics: any course at the level of 1116 or above⁶
 Philosophy 1500 (SP17 and earlier), 1500.01 (SU17 and later), 1500.02, 1501, 2500

Note: The Glenn College strongly recommends the completion of Mathematics 1130 or 1148 as preparation for PUBAFRS 4030 and 4310

⁴except Mathematics 1125, 1126, 1135, 1136, and courses numbered XX93 or XX94

Mathematical and Logical Analysis BS Requirement, 5 hours (not including prerequisites)

Choose one course from the following list.

Mathematics 1151, 1131, or 1140 and 1141, or equivalent.

Note: if you choose 1140 rather than 1151 or 1131, both 1140 and 1141 must be successfully completed in order to fulfill the category.

Additional Note: if you do not place into Mathematics 1151, 1131, or 1140 via placement test or based on transfer credit, you must take the prerequisite course work prior to enrolling in 1140, 1131, or 1151.

Data Analysis BA Requirement, 3 hours

Choose one course from the following list.

Agricultural, Environmental, and Development Economics 2005
 Animal Sciences 2260
 Astronomy 3350
 Chemistry 2210
 Community Leadership 3537
 Earth Sciences 2245

Natural Science, 10 hours minimum

The goal of courses in this category is to foster an understanding of the principles, theories, and methods of modern science; the relationship between science and technology; the implications of scientific discoveries; and the potential of science and technology to address problems of the contemporary world.

BA Requirement: Complete a minimum of 10 hours, with at least one course in the Biological Sciences, at least one course in the Physical Sciences, and at least one course with a lab.

BS Requirement: Complete a minimum of 10 hours, with at least one course in the Biological Sciences, at least one course in the Physical Sciences, and at least two courses with a lab.

Biological Science Courses

Animal Sciences 2200.01, 2200.02^L (2200.02^L must be taken concurrent with, or subsequent to, 2200.01), 2300H^L, 2300H (2200.02^L must be taken in addition to 2300H in order to earn lab credit), 3140, 3140H^L

Social Science, 6 hours (at least 2 courses)

The goal of courses in this category is to help you learn about the systematic study of human behavior and cognition, of the structure of human societies, cultures, and institutions; and of the processes by which individuals, groups, and societies interact, communicate, and use human, natural, and economic resources.

Select six credit hours from the following lists, with at least three hours from two of the three sections.

Note: Economics 2001.01 is a required prerequisite for upper-division courses in the major.
